KWP Club Social Media Policy Version 2.0

- The Club expects all members to express themselves at all times in a civil, respectful tone, whether face to face or on social media.
- The Club controlled social media spaces will vigorously enforce this rule, deleting offensive posts and blocking members or others who repeatedly violate this rule.
- The Club will consider expelling any club member who expresses themselves in an abusive manner, either personally in a Club setting, on Club controlled social media sites, or on the wider Internet.
- Any club members posting derogatory comments about the Club and/or club members on other parts of the Internet may not be allowed to continue their membership in the Club.

In summary, don't act like a jerk. Either in person, or on line. If you do, you will be blocked on our social media sites, and if necessary, you will be kicked out of the club.
